Higher School of Economics — BSc Applied Mathematics, 2025

Profile

Junior QA Engineer with 2+ years of experience.

Experience

Junior QA Engineer — Tidewater Insurance Tech
December 2024 — August 2026

- Worked with Playwright, End-to-end testing and SQL on a product with 26k monthly users.
- Introduced Python and Git into the team's workflow.

Junior QA Engineer — Willow Education
March 2024 — November 2024

- Improved how the team works with Git.
- Automated releases with CI/CD; deployments went from weekly to daily.
- Optimised slow parts of the system with Python.
- Covered critical user journeys with tests using Manual testing.
- Introduced Kubernetes and Junit into the team's workflow.
