Key skills

Gradient boosting, NLP, NumPy, Python, scikit-learn, sql, Statistics

Languages

English — A2 (Elementary)
Chinese — native

Education

KTH Royal Institute of Technology — MSc Software Engineering, 2023

Profile

Data Scientist with 3+ years of experience.

Experience

Data Scientist — Redwood Fintech
January 2025 — August 2026

- Shipped a model built with Sklearn to production.
- Used pandas every day.
- Trained and evaluated models with Machine learning and NumPy.
- Shipped a model built with Gradient boosting to production.

Junior Data Scientist — Northwind Labs
April 2024 — December 2024

- Trained and evaluated models with Machine learning and Pandas.
- Analysed product data with Statistics and SQL.
- Trained and evaluated models with Gradient boosting and Jupyter.
- Optimised slow parts of the system with python 3.

Junior Data Scientist — Orchard Retail Systems
May 2023 — March 2024

- Migrated a legacy module to python 3, cutting response time by 56%.
- Introduced Gradient boosting and scikit-learn into the team's workflow.
- Worked with Statistics, Pandas and machine learning on a product with 30k monthly users.
